

2017 Helmets For Kids Bicycle Ride

Pledge Form

As a Brain Injury Survivor and 5 time cross country bicyclist, I formed "Helmets For Kids". I have fit and given over 1000 bicycle helmets away in a year. I do this mostly in Minnesota and North Dakota, although, I have shipped helmets all over the United States.

I have been doing this since 1999 and have given over 19,000 helmets away.

I am planning to ride bicycle from Fergus Falls to Alexandria, Minnesota on the Central Lakes Trail in 2017 to raise funds to buy more bicycle helmets to fit and give away. The ride will be just over 40 miles, but I am only riding on trails after being hit by a car in 2013 while riding bicycle in Fergus Falls, Minnesota, in which a helmet saved me.

I am asking for donations to buy more bicycle helmets to give away. For every \$5.00 that you donate, I can buy an approved helmet. Also, if you know of any helmet needs or speaking opportunities, please let me know.

Thank you,
Mike Heikes
